Electronics Installation Technician

Position description:

Position purpose

The purpose of the Installation Technician position is to grow the profitability of the business by efficiently installing and servicing electronic equipment.

Position duties

At all times the duties of the Installation Technician are those required to achieve the position purpose.

Specific duties include;

- Running of cable.
- Working at heights on ladders and scaffolds.
- Competent use of power tools.
- Soldering and Terminating of connectors.
- Accessing of confined spaces as in ceiling or under floors.
- Building and assembly of audio equipment racks.
- Able to follow and correctly interoperate schematic diagrams and building plans.
- Working with other trades on a construction site.
- Electronic service, repair and fault finding.
- Installation of Speakers, Video Projectors, Projection Screens, Equipment Racks, MATV and CCTV and other audiovisual equipment.

The duties of the Installation Technician include those listed above and any other tasks that may reasonably be expected from a person in a similar position.

Required skills and knowledge:

Essential

- 1) Ability to ensure work is done within appropriate Occupational Health, Safety and Welfare guidelines.
- 2) Personal presentation that;
 - i) is appropriate for the position,
 - ii) promotes a positive image of TEC, and
 - iii) is consistent with other technical staff.
- 3) Excellent fitness and health to cope with the physical demands of this position.
- 4) At least 12 months experience in the Audio Visual industry.
- 5) Sound computer skills, including a working knowledge of the Microsoft Windows environment.
- 6) Communication skills that promote business efficiency and team performance.
- 7) Current manual driver's licence and able to drive a commercial van.
- 8) Catholic Schools and Police and clearance.

Desired

- 1) Positive, courteous and efficient telephone practices.
- 2) A good ear for quality sound.
- 3) TAFE/Tertiary training an advantage.
- 4) A flexible lifestyle to suit this 24-hour industry.

Remuneration

Remuneration in the range of \$xx,xxx.xx will be negotiated with the successful applicant(s) as appropriate to their skills and experience.

Hours of Work

Normal working hours are Monday to Friday between 8:30 am and 6:00 pm with a 30 minute lunch break. Overtime subject to approval. The main purpose in all cases is to get the job completed therefore additional hours can be traded off in lieu of time off.

The assumed average minimum weekly hours per week is 38.

Accountability

Installers are accountable to the Installation Supervisor.

Location

The business is currently located at 605 Lower North East Road, Campbelltown, South Australia.
