

Micro Portable Pull Up projection Screen

Got an ultra lightweight projector? Maybe even a little pico projector? Here's the perfect screen. At 40" diagonal and a maximum image area of 815 x 610mm, it weighs a teeny 1.2kg and comes in its own carry bag.

So throw it over your shoulder, pop it on the backseat, or carry it on the bus.

The multi Format aspect ratio adds to the flexibility because it can be used for business presentations, home theatre and even for overhead transparencies.

Features:

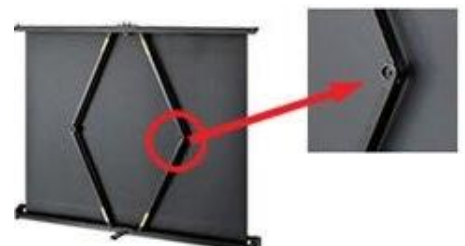

- Light weight black aluminium case.
- Woven nylon carry-bag.
- Simple locking mechanism.
- Easy to use manually operated.
- Free-standing.

More Convenient Carrying
Optional sling makes it easy to carry

Worlds Lightest Portable Screen
40" diagonal screen that weighs only 1.3Kg

Self Support Arms
Allows screen to be locked in any desired position

Easy Setup

1. Swing out the support foot and the screen surface is released

2. Realise the screen surface

3. Setup is finished

| Code | 4:3 | Max Image (mm) | Transport Size (mm) | Weight | Price |
|----------|-----|----------------|---------------------|--------|----------|
| GRUC040V | 40" | 815x610 | 905x40x55 | 1.2kg | \$199.00 |
