

Grandview Motorised Rising Screen

The Grandview Motorised Rising Screen is the screen of choice where fixing a screen to walls or ceilings is not an option.

These stylish screens rise effortlessly from their casing and can either be placed on the floor or rise discreetly from an AV cabinet.

The screen casing is a stylish black to blend in to most rooms. When the screen is hidden it can be controlled using IR remote via an external receiver.

An IR Remote is supplied, and it all neatly packs away into a small storage section at one end of the screen when not in use.

Available in both wide-screen 16:9 and 4:3 aspect ratio.

Features:

- Perfect where no wall or ceiling is available for screen installation.
- Like a portable screen but motorised.
- Operates via IR Remote.
- 600mm bottom border for 4:3 screens, 16:9 varies.

Product code	Aspect ratio	Image size (Diagonal) inch	Image size (W x H) mm	Price
GRFA080V	4:3	80"	1620 x 1210	\$1,399.00
