Grandview Motorised Smart-Screen

The Grandview Smart-Screen is designed to be clever to make your installation easy. Like always the screen has multiple mounting points and can be mounted on the wall or ceiling.

What's new though are the options for controlling your screen - you can choose between a 12V trigger from your projector; or integrate with a control system using RS232 commands; use the manual override switch or even the IR remote.

So many options, so smart, so Grandview.

The Smart-Screen now has its own dedicated HideAway above ceiling pre-installation box.

Features:

- As standard is supplied with IR Remote, 12V Trigger, Close Contact and a manual override switch.
- Simple mechanical limit setting adjustments via the motor.
- Install is simplified with multi fit brackets that can be installed anywhere along the length of the casing allowing for mounting to wall stud positions.
- Brackets suit wall, ceiling or suspended installation.
- Projection surface is Plana R.
- Casing is extruded aluminium, finished in white.
- 12 V Trigger Using 1.5mm output on screen and 3.5 on the projector end.
- External IR Cable with Jack plug 3.5mm with receiver eye.
- Close Contact Cable Provided in the box.
- RS232 control is available – requires an additional accessory.
- Manual Switch located on the bottom of the casing (Push button), close to the Power cable outlet.

Product code	Suits HideAway	Aspect ratio	Image size (Diagonal) inch	Image size (W x H) mm
