

Grandview Tripod Screen

The Tripod Screen is a simple to use multi-format screen. It packs down to fit into most vehicles and is easy to set up at your destination.

The multi format aspect ratio adds to the flexibility because it can be used for business presentations, home theatre and even for overhead transparencies.

Features:

- This is the traditional style of portable screen that most people are familiar with.
- Key differentiation from other models in the portable range is that the screen can be adjusted to various heights to give a range of aspect ratios.
- Tripod legs require approximately one meter square of floor space. This ensures the screen is stable.
- Projection surface is Plana R.
- **Note:** The tripod is not detachable from the screen.
- Aluminium and steel casing – model dependant.
- Black casing.
